- 9 ☐ Other

### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: claims 8-23 are allowed.

Prior art record and cited arts taken alone or in combination fail to disclose a specific arrangement of a rotation detection device for a commutator motor, in particular an actuating motor for automotive power accessories comprising a commutator non-rotatably supported on a motor shaft, a brush holder which has a base body attached to a motor housing and commutator brushes secured to the base body which commutator brushes rest with frictional engagement against the commutator circumference, and the rotation detection device for detecting speed and/or rotation direction of the motor, said rotation detection device having a pulse generator non-rotatably supported on the motor shaft and at least one pulse receiver, in particular a Hall sensor, affixed to the brush holder, said base body of the brush holder encompassing the pulse generator in a contact-free manner, and said at least one pulse receiver being contained in a positively engaging manner in a pocket formed into the base body.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Thanh Lam whose telephone number is (703) 308-7626. The examiner can normally be reached on m-f 9-5.
